

ZEOSTM

4K UHD Imaging System

Clearly More

ZIMMER BIOMET
Your progress. Our promise.®

4K

from endoscopy tip to medical display provides four times more information than conventional Full HD imaging systems through the complete imaging chain.

4mm

endoscope in true 4k resolution are one of the first arthroscopes on the market with true 4.00 mm outer diameter.

3-in-1

tablet controlled camera system combines a true 4K camera head, LED lighting, image and video management, and intuitive tablet control.

4K Endoscopes

The Zimmer Biomet Arthroscope portfolio provides one of the first true 4.00 mm endoscopes in 4K resolution and are available in 30° and 70° angle of view.

ZEOS™ 4K UHD Imaging System

ZEOS™ 4K UHD is the next generation Zimmer Biomet arthroscopic imaging system that delivers a true 4K UHD video image from the endoscope tip to the medical display. ZEOS™ Imaging System combines a true 4K camera head, LED lighting, image and video management, and intuitive tablet control. The user profiles enable a personalization of individual user and procedure preferences

ZEOS™ 4K UHD Medical Display

ZEOS™ 4K UHD Medical Display features a 32 inch TFT-Display with widescreen format in 4K UHD resolution. The Medical Display is completely covered by an aluminum housing and offers a hygienic design with a full glass front.
